Subject: [External] REQUEST - Fw: Docket # 2019-290-WS Night time hearing request

Joceyln, thank you for letting me know Chip and I can request.

I've added the contact email above.

Please consider this a request from both Rep Ballentine and Rep Huggins to: have Company's case and the intervenors' cases to be heard after 5 p.m. in Irmo, SC and allow constituents to voice their concerns to the Commissioners. If this needs to be at the same meeting, I understand. If this needs to be two meetings, that works too.

If Rep Huggins or I need to find location in Irmo, please let us know. Also, when would we know if this request was approved?

Thank you for your consideration and time/advice!

Subject: RE: [External] Joceyln, Carri - Fw: Docket # 2019-290-WS Night time hearing request

Representative Ballentine,

Thank you for your email.

I need to ask for clarification: would members of the community like for the Company's case and the intervenors' cases to be heard after 5 p.m. in their community, or are members of the community wanting a night hearing to voice their concerns to the Commissioners?

If anyone is requesting the Commissioners to approve either of these requests, the person(s) would just need to file a request(s) with the Commission at contact@psc.sc.gov. If you or Representative Huggins would like to make such a request(s), you can do so, too.

Please let me know if you need anything else.

Thank you.

Jocelyn and Carri,

Rep Huggins and I have many constituents and leaders in the community very upset about the very large rate increase Blue Granite is seeking.

Below is just one of many requests asking for the hearing to be held when people can actually attend and share their concerns.

Can the upcoming meeting be (a) moved to after 5pm and (b) moved to location closer to the impacted community?

If there's anything Rep Huggins or I can do to help accommodate this request, please let us know. We can certainly find location and also cover any expenses for "room rental" if needed.

I have copied this particular constituent above. Please reply to all so she can be kept in the loop. Thank you in advance!
